Notes for the Editor :

1. Swinton Park is a 30 bedroom luxury hotel with 4 Red Stars and 3 Rosettes for quality of food. It is the ancestral seat of the Earl of Swinton and is owned by the Cunliffe-Lister family, who opened it as a hotel in 2001.
2. The hotel has a cookery school, with day, evening and residential courses running all year. The residential courses are run by the TV Celebrity chef, Rosemary Shrager.
3. The gardens, including the four acre walled garden, have been extensively restored in recent years. The walled garden now grows over 60 varieties of seasonal herbs, fruit and produce. The hotel is committed to keeping food miles to an absolute minimum, with the majority of all other produce sourced by the hotel coming from the surrounding 20,000 acre estate and Yorkshire countryside.
4. The hotel has a carbon neutral woodchip boiler, eco-laundry and many other environmental measures in place – winning awards for its green policies.
